

ANTELOPE OIL TOOL API Q1, 10D/ISO-9001:2000 REGISTERED

Antelope Tools Make Cement Jobs Run Smoother and Better

Antelope Oil Tool has been manufacturing primary cementing tools since 1962. Our tools have been used all over the world in every type well completion imaginable. We understand the vital importance of a good primary cement job, and we make sure each Antelope tool is manufactured and tested to assure maximum downhole performance. All centralizers are manufactured to API Q1.

Antelope distributors, in the U.S., Canada, and in active overseas oil areas, are experienced people who know primary cementing requirements. They will hustle to match the quality of Antelope products with the quality of their service. Most orders can be delivered immediately from field locations.

Call us to see why Antelope Tools will make your cement jobs run smoother and better.
